

STRIKE LOCK CONTROL

Makes your front door smart

Product Code: 012501

- Integrates electronic door opener into smart homes
- Installation parallel to existing door opener
- Powering via bell transformer or battery
- Secure communication
- Usable in one- and multi-family houses

Our Electric Strike Lock Control makes every door a part of the smart home. Thanks to this small device you can open the entry door to your house by using your smartphone or any Z-Wave switch, for example when you're away and your children arrive at home without having an own key.

SMART HOME BY POPP

-  Heating and Climate Control
-  Security Systems
-  Lighting Control
-  Alarm Systems
-  Remote Controls
-  Control Center/ Gateway
-  Sensors
-  Device Control/ Plugs
-  Window and Blind Control

POPP Smart Home products make your home intelligent. Monitor and control your house or flat with your tablet, smartphone, PC or remote control (Z-Wave capable gateway required). Activate the heating while you are driving home, close windows automatically when the weather changes and be informed when sensors trigger an alarm.

POPP relies on Z-Wave wireless technology for its Smart Home products. Z-Wave is the leading international standard for wireless communication between intelligent devices in homes and offices, and thus the basis for efficient home automation.

POPP smart home products are compatible and interoperable with Z-Wave certified devices from more than 300 manufacturers worldwide.
